### **ASSUMPTION OF RISKS**

Snowmobiling is an inherently risky off-road activity that occurs in an unpredictable natural environment, so every rider enters OFSC Prescribed trails at their own risk. Snowmobilers must know the "Assumptions for OFSC Trail Use" listed below prior to using an OFSC Trail:

1. All snowmobiles will be operated under a lawful trail use permit;
2. All operators and passengers willingly use the trails at their own risk;
3. Operators and passengers know and will obey the law, including, *The Occupiers' Liability Act, The Motorized Snow Vehicles Act* and the *Trespass to Property Act*;
4. It is recognized and accepted that snowmobiling is essentially an off-road activity taking place in the natural environment;
5. The OFSC is a volunteer-based organization with finite resources and manpower;
6. It is not practical, possible or desirable to maintain all trails uniformly or to remove all potential hazards;
7. The OFSC is providing the privilege of trail access without any guarantee of service or quality;
8. Operators and passengers will not consume alcohol prior to or while using the trails;
9. Operators and passengers will be prudent and responsible and shall ensure that snowmobiles are operated with appropriate care and control at all times;
10. Operators and passengers know how to snowmobile competently and understand that the operation of snowmobiles requires full cognitive abilities;
11. Weather conditions affect trails and snowmobile operation and they may change without warning;
12. The maximum speed on trails is 50 km/h unless reduced by law or conditions;
13. There may be permitted users on the trail other than snowmobilers;
14. Operators will stay to the right of the trail notwithstanding that there are no centre lines;
15. Operators know that there may be grooming or other maintenance activities under way at any time of the day or night which may take up the whole or any part of the trail and have the right of way;
16. Operators and passengers know that snowmobile trails are not engineered highways;
17. All operators and passengers know and will adhere to the principles published as the Safe Riders Pledge by the *International Snowmobile Manufacturers' Association*;
18. Operators and passengers are aware that emergency and cell phone service may not be available;
19. Operators and passengers are aware that there are generally no legal requirements for signage on trails and, when provided, it is only for assistance and convenience;
20. Operators and passengers know that snowmobiling on OFSC trails is regarded as a family-oriented activity;
21. Operators and passengers know the unique and particular dangers of ice crossing;
22. The grooming and maintenance of trails, when provided, is meant solely to enhance the comfort and enjoyment of the safe and prudent operators and passengers;
23. Operators and passengers will dress appropriately for all conditions and will have appropriate safety and emergency equipment at all times.

The applicant understands that they are not required to complete the OFSC form in order to get a Trail Permit but to access applicable OFSC Benefits and Offers, including a subscription to a member magazine for seasonal permit purchasers, all sections must be completed.
